

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
1	Evaluation and Management of Post Polio Syndrome with Emphasis on Manual Muscle Testing, Observational Gait Analysis and Orthotic Treatment to Correct Abnormality	APS	0.75
2	War Injuries and the Challenges to Rehabilitation	All Groups	1.00
3	War Aftermath: The Evolution of Polytrauma Rehabilitation	AASCIN	1.50
4	Menopause and Women with SCI: Uncharted Territory	AASCIPSW	0.50
5	Women with Spinal Cord Injury: Translating Research into Practice	AASCIPSW	0.50
6	Women Without Limits Committee Survey of Women with SCI: Resource Accessibility	AASCIPSW	0.50
7	VHA Polytrauma System of Care: Complex Care for Returning Combat Veterans	APS	0.50
8	Polytrauma in Returning Combat Soldiers: Medical and Rehabilitation Issues	APS	0.50
9	Psychosocial Aspects of Polytrauma	APS	0.50
10	Engaging the Brain and Spinal Cord for Optimal Function after SCI: The Role of	TLC	1.50
11	Non-chemical Bowel Program on Upper Motor Neuron Injury: Best Practice Based	AASCIN	0.50
12	Teaching Staff to Manage Neurogenic Bowel	AASCIN	0.50
13	Clinical Themes, Professional Attitudes, Discussions with Professional Caregivers	AASCIPSW	1.00
14	Influence of the Level and Severity of Spinal Cord Injury on Cardiovascular	APS	0.50
15	Spectral Analyses Predict Autonomic Cardiovascular Dysfunction After Spinal	APS	0.25
16	Spectral Analyses of Cardiovascular Control in Spinal Cord Injured Rats and	APS	0.25

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
17	Standardizing Physical Therapy and Occupational Therapy Intervention	TLC	0.50
18	Therapists' Roles in Pressure Ulcer Management in Persons with Spinal Cord	TLC	0.50
19	The Customer Satisfaction Conundrum: Strategies for Managing Patient, Family	AASCIN	0.50
20	Whose Care Plan is it Anyway: Using Patient/Family Centered Care Model	AASCIN	0.50
21	Supplemental Nursing Intervention Documentation in a Multi-site Study	AASCIN	0.50
22	Get Published in a Peer-reviewed Journal	AASCIN	0.50
23	Pain Among Veterans with Spinal Cord Injury	AASCIPSW	0.50
24	Involving Families in a Polytrauma Transitional Program	AASCIPSW	0.50
25	Hovering Parents and OIF/OEF Dynamics: A Recipe for Conflict	AASCIPSW	0.50
26	Psychosocial Considerations in the Rehabilitation of Senior Adults	AASCIPSW	0.50
27	Trauma to the Spinal Columns: Imaging Approach, Part I	APS	0.75
28	Trauma to the Spinal Columns: Imaging Approach, Part II	APS	0.75
29	Imaging of Nontraumatic Spinal Cord Abnormalities	APS	0.50
30	A Problem Solving Approach to Understanding Incomplete vs. Complete Spinal Cord Injuries Using the International	TLC	1.00
31	Treating the Incomplete SCI: Do ASIA Motor Scores Really Matter?	TLC	1.00
32	Post Traumatic Syringomyelia: A Secondary Complication of SCI	AASCIN	0.50
33	Cardiovascular Complications After SCI	AASCIN	0.50
34	Fever on the Spinal Cord Unit	AASCIN	0.50
35	Making A Quilt: A 30 Year Perspective on SCI Community-based Services	AASCIPSW	1.00

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
36	Functional Regeneration Beyond the Glial Scar	APS	0.50
37	Chondroitinase Treatment to Promote Regeneration After Acute or Chronic Spinal	APS	0.50
38	Use of Intraspinaly Delivered Chondroitinase and its Effects on Diverse	APS	0.50
39	Developing Clinical Pathways for Recovery of Walking after iSCI	TLC	1.00
40	Assistance Dogs 101	AASCIPSW	0.75
41	SCI Residency Program: Update from the RRC for PM&R	APS	0.75
42	Six Degrees of Dignity: Disability in an Age of Freedom	AASCIN/PSW	1.00
43	Evidence-based and Quality of Care for Persons with SCI	APS/TLC	1.00
44	Multiple Sclerosis 101: Multiple Sclerosis for SCI Nurses	AASCIN	0.50
45	Multiple Sclerosis Overlaid on Spinal Cord Injury	AASCIN	0.50
46	Having What it Takes to Care for the SCI Bariatric Patient	AASCIN	0.50
47	Pregnancy and Parenting with SCI	AASCIN	0.50
48	Project to Improve Symptoms and Mood after Spinal Cord Injury PRISMS Study: Part	AASCIPSW	0.50
49	Project to Improve Symptoms and Mood after Spinal Cord Injury PRISMS Study: Part	AASCIPSW	0.50
50	Project to Improve Symptoms and Mood after Spinal Cord Injury PRISMS Study: Part	AASCIPSW	0.75
51	Advocacy - It is a Collective Effort	APS	0.50
52	Early Acute Management in Adults With SCI: A Clinical Practice Guideline	APS	0.50
53	The Role for Cell and Tissue Transplantation in Acute SCI Therapy	APS	0.25
54	Acute Management of Spinal Cord Injury	APS	0.25
55	Management of Cardiovascular Compromise During Acute SCI	APS	0.50

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
56	Considerations in Preparing the Tetraplegic Shoulder for Function	TLC	0.75
57	Orthotic Treatment Options for Shoulder Muscle Imbalance in Individuals with Spinal	TLC	0.50
58	Upper Extremity Splinting and Positioning for Incomplete Spinal Cord Injury	TLC	0.75
59	Rehabilitation of Shoulder Dysfunction in Woman with C7 Tetraplegia for 27 Years	TLC	0.50
60	A New Challenge for VHA SCI Nursing: Management of Polytrauma/Spinal Cord	AASCIN	1.00
61	Wounded Warriors: Their Last Battle	AASCIN	1.00
62	When Life is Not Enough: Assessment and Treatment of Suicide in Individuals with	AASCIPSW	1.00
63	Cultural Aspects in Treating SCI	AASCIPSW	1.00
64	Introduction and Overview	APS	0.25
65	Epidemiology of Pediatric Spinal Cord Injury: Yesterday, Today and Tomorrow	APS	0.25
66	Orthopaedic Complications	APS	0.25
67	Rehabilitation of Children with Spinal Cord Injury	APS	0.25
68	Psychosocial Functioning of Children and Adolescents with Spinal Cord Injury	APS	0.50
69	Pain Management in Spinal Cord Injury	TLC	1.50
70	YIKES...how did I get involved in a LEGAL case??? - Part I	AASCIN/PSW	0.50
71	YIKES...how did I get involved in a LEGAL case??? Part II	AASCIN/PSW	0.50
72	Effective Methods of Pelvic Nerve and Bladder Stimulation: An Anesthetized	APS	0.25
73	Urethral Stimulation Evokes Bladder Contractions in a Woman With Spinal Cord	APS	0.25
74	Ultrasonography Complements Urodynamics and Can Reduce Cine	APS	0.25
75	Spinal Cord Injury Telehealth Initiatives and Applications: Part I	APS	0.25

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
76	Spinal Cord Injury Telehealth Initiatives and Applications: Part II	APS	0.25
77	Spinal Cord Injury Telehealth Initiatives and Applications: Part III	APS	0.25
78	Spinal Cord Injury Telehealth Initiatives and Applications: Part IV	APS	0.25
79	Spinal Cord Telehealth Initiatives and Applications: Part V	APS	0.25
80	Manual Wheelchair Skills Training: Clinical Recommendations to Optimize Function & Examining Outcomes in Pediatric Spinal Cord Injury: Part I	TLC	1.50
81	Examining Outcomes in Pediatric Spinal Cord Injury: Part I	AASCIPSW	0.50
82	Examining Outcomes in Pediatric Spinal Cord Injury: Part II	AASCIPSW	0.25
83	Examining Outcomes in Pediatric Spinal Cord Injury: Part III	AASCIPSW	0.25
84	Examining Outcomes in Pediatric Spinal Cord Injury: Part IV	AASCIPSW	0.50
85	The Physiological Effects and Management of Acute Spinal Cord Injury: A Case Report	APS	0.75
86	Shifting the Power: Using Dialogue in Patient Education	AASCIN	1.00
87	Creative Patient Education to Successfully Transition the Patient to Home and	AASCIN	0.50
88	Encircling the World: Developing an Internationally Relevant SCI Dataset: Part I	AASCIPSW	0.50
89	Encircling the World: Developing an Internationally Relevant SCI Dataset: Part II	AASCIPSW	0.25
90	Encircling the World: Developing an Internationally Relevant SCI Dataset: Part	AASCIPSW	0.25
91	Research Funding Opportunities in the VA	APS	0.50
92	Cost of Care Following Spinal Cord Injury	APS	0.25
93	Behavioral Risk Factors for Mortality after Spinal Cord Injury	APS	0.25
94	Responding to Natural Disasters: Practices of Providers and SCI Veterans	APS	0.25
95	Monitoring Community Participation in Individuals with Spinal Cord Injury	APS	0.25

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
96	Fat Gone Wild! Metabolic Implications of Obesity in SCI	TLC	1.50
97	SCI Wheelchair Fall Risk Assessment Tool	AASCIN	1.00
98	Emergence of a SCI Evidence-Based Tool for Monitoring Pressure Ulcers	AASCIN	1.00
99	Latent Variable Structural Path Model of Health Behaviors After Spinal Cord Injury	AASCIPSW	0.50
100	Ethical Challenges in Health Care Funding	AASCIPSW	0.50
101	Family Support Programs Across Diverse Rehabilitation Settings: Part I	AASCIPSW	0.50
102	Family Support Programs Across Diverse Rehabilitation Settings: Part II	AASCIPSW	0.50
103	Intervention Documentation in a Multi-site Study Describes Spinal Cord Injury	APS	0.50
104	Clinical Update on Restoration of Cough by Electrical Spinal Cord Stimulation	APS	0.25
105	Differentiated Measurement of Pain Interference after Spinal Cord Injury	APS	0.25
106	Spurious Elevation of Lumbar Spine Mineral Density by Dual Energy X-ray	APS	0.25
107	The Importance of Screening for Secondary Causes of Osteoporosis Among	APS	0.25
108	Characteristics of Recurrent Pressure Ulcers in Veterans with Spinal Cord Injury	APS	0.25
109	The Anabolic Steroid, Oxandrolone is a Potential Therapeutic Agent for Acute SCI	APS	0.50
110	Spasticity Management in SCI: Interventions for functional Outcomes	TLC	0.50
111	Inhibiting Spasticity to Promote Recovery in Incomplete SCI	TLC	1.00
112	Wii Rehab: A Complete Package for the Incomplete Spinal Cord Injury	TLC	0.50
113	Neuropathic Pain - Strategies to Improve Quality of Life for Your Patient	AASCIN	1.00
114	Working with Symptoms of a Respiratory Infection: Staff Who Care for High-risk	AASCIN	1.00
115	A Discussion on Promoting Health and Self-Management with Individuals with SCI/D:	AASCIPSW	0.50

**ANNUAL CONFERENCE: CONTACT HOURS FOR
PLATFORM PRESENTATIONS - 2008**

Presentation #	Title	Assoc	Contact Hours
116	A Discussion on Promoting Health and Self-Management with Individuals with SCI/D:	AASCIPSW	0.50
117	Beyond the Disability and Diversity Ghetto: Universal Access and Disability as Diversity	AASCIPSW	0.50
118	Developing a Comprehensive Statewide System of Care and Services	AASCIPSW	0.50
119	Activity-based Therapy after SCI: Impact on Neural Plasticity and Functional	APS	0.50
120	Activity-based Therapy after SCI: Impact on Neural Plasticity and Functional	APS	0.50
121	Activity-based Therapy after SCI: Impact on Neural Plasticity and Functional	APS	0.50
122	Activity-based Therapy after SCI: Impact on Neural Plasticity and Functional	APS	0.50
123	Improving the Delivery Time of Rehab to Newly Injured Patients with Tetraplegia	TLC	0.75
124	Treatment Pearls for SCI Physical Therapists and Occupational Therapists	TLC	1.25
